

Workshop on visiting & care of the Elderly

Specials:
Pastoral Care of the Elderly
Manual
@ special price only for
course participants!!

We often come across ministries in the parish catering to groups of senior citizens. These groups are usually for the active old who are mobile. Among us, we also have the elderly who are not so mobile and some of them are homebound. As our population ages, we will come across more and more elderly who are less mobile and we need to minister to them too. This workshop is specially for those who are in the ministry of caring for the elderly or about to enter into such ministry. It will cover three broad parts:

- Ageing and caregiving from medical perspective
- Role of the caregiving team either in parish or SCC
- Training for visiting the elderly

ABOUT OUR SPEAKERS:

Dr Rilly Rai, is a pioneer with the Home Nursing Foundation as well as the Society for Continence in Singapore. She has worked extensively in providing health care for the elderly both in Toa Payoh Centre for rehab and day care for the elderly as

well as in Ministry of Health. She is currently working in a Polyclinic in SGH where 30% of patients are elderly. She is co-writer for the Pastoral Care of the Elderly Manual.

Ms Wendy Louis, was formerly the director of the Singapore Pastoral Institute. She is currently the Executive Director of the Archdiocesan Commission for Catholic Schools. She has worked extensively in providing training for the Small Christian Community, both

in promoting the SCCs and developing ministries in SCCs. She is editor and co-writer for the Pastoral Care of the Elderly Manual.
