

As CHRISTIAN COMMUNITY

“It made me more sensitive to others in the sense that I now consider the welfare and concerns of others with every decision I make.”

“ I'm a very reserved person which is quite a challenge at first to share myself experiences. Joining NCC gave me an opportunity to trust more the people God send my way.”

NCC brings the individuals into the understanding that we are walking together as a family to grow in the communion with God and others.

The faith and prayer experience of the members who share, encouraged those who might be going through difficult times in their faith or in their workplace. We are to be faithful to God in our lives, families and in the workplace and being reminded that others will recognize us by the love we bear to one another.

“ We are more aware that we are members of the Body of Christ and should strive to build unity and promote love among one another in and through our union with Jesus, especially in the Eucharist.”

‘NCC helps me to be more forgiving of others' shortcomings.’

by weekly assembly, “the whole community were faithful to the teaching of the apostles, the common life of sharing, the breaking of bread and the prayers” (Acts 2: 42).....“and everyday the Lord added to their number those who were being saved” (Acts 2: 47).

Indeed it was true that our NCC group has been increased in numbers (though not all come together at the same time), through communion with God and with others (Koinonia):

“ NCC has changed the way I feel in living in a country (Singapore) away from my family. Knowing the family God has given me, I feel more secured in dealing with difficult circumstance. I become aware of the presence of the holy spirit in the loving concern of my brothers and sisters in our NCC ”

As we come together regularly as brothers and sisters in Christ, centred in the Word of God, and sharing our faith and our life together, this has deepen our faith and strengthen our bond and our friendship and we partake in each other's joys and sorrows, and in reaching out to our neighbours.
