

# Our Worship

**NCC HELPED ME IN MY WAY OF WORSHIPPING THE LORD BECAUSE NO MATTER HOW DIFFICULT LIFE CAN BE, I AM DEEPLY INFLUENCED BY MY NCC TO SEE THE BEAUTY AND REASON OF EVERY TRIAL THAT COMES MY WAY WHICH HELPS ME NOT TO FALTER IN MY FAITH BUT INSTEAD CONTINUE TO DEEPEN MY RELATIONSHIP WITH GOD THROUGH SONGS AND PRAYERS.- ROSE**

**“ I look forward to attend Mass now ”**

As each of us grow in our worship of God, the NCC would also have grown collectively as a group of individuals sharing a common bond in coming together to worship. For example, whenever, there is the spontaneous prayer after the 6 step, we always feel there is a sense of communion among us and as a result there is this prayer of thanks giving and for others. We feel this worship is where the Spirit in us as community inspired us to pray for others.

**‘As gospel is read before the mass (before Sunday), we have a chance to meditate on the word of God. During the eucharistic celebration, I became more attentive to the homily and how the priest interprets the reading. It then confirms or adds to my reflection during the NCC.’**

**“Members now understand the significance of the Mass better and worshipping in Church has become more meaningful. We can pray better now and have overcome the fear of spontaneous prayer. Our personal prayer life has also improved.”**

**“Through the NCC, I have come to understand the Mass better and now love to attend Mass. I can feel the Holy Spirit alive within me and find it easier to pray and communicate with God.”**

**NCC helps me to appreciate the Mass. I now participate more actively during Mass and receive the Eucharist more reverently. I also spend more time with Jesus in the Adoration Room, feeling His real presence. From the NCC, I have learnt to pray the Rosary more meaningfully by meditating on the life, death and resurrection of Christ while praying. Jesus is the centre of my life. - Irene Chan**
